Re: WC Docket No. 10-90 - Comments of Pioneer Telephone Company

Dear Ms. Dortch:

I represent Pioneer Telephone Company ("Pioneer") which serves as an incumbent local exchange carrier in the State of Washington. Pioneer study area code is 522437. The purpose of this letter is file a challenge pursuant to the challenge process set forth in DA 16-378 issued in the above-referenced Docket.

The basis for the challenge is that there are a number of census blocks where St. John Cable Company ("St. John") is listed as providing service. It is true that St. John does provide broadband service in those census blocks. However, St. John does not provide voice service of any kind in those census blocks. A letter from St. John confirming that fact is attached as Exhibit 1.

The list of the affected census blocks is attached as Exhibit 2.

Pioneer respectfully requests that the final version of the A-CAM be modified to reflect that St. John does not provide voice service in the census blocks.
